Hi Matt,

I wanted to introduce you to Rick Reibstein who had been a valuable resource for pollution prevention over the years at MA Office of Technical Assistance. Rick is cc'd on this message and will be facilitating the following P2 session that I will be participating on tomorrow as well:

<https://p2.org/Advancing-the-use-of-data-in-water-programs>

Not sure if you are registered but the session should be very interesting introducing some innovative technology.

Hopefully the two of you can speak about some future collaborative efforts.

Let me know if I can assist in any way

Jay
